Celebrate Mad Culture!

Join in a celebration of 'mad' culture, explore the past, present and future of "Madness and Contemporary Psychiatric Innovation" with CoolTan Arts LARGACTYL Shuffle, a guided cultural walk from Maudsley Hospital to the Tate Modern.

Join us on our Sponsored Walk

5 disposable sculptures made by CoolTan participants will be placed along the route of our walk and highlight the links to the work of innovators such as Michael Faraday, Charles Babbage, Sir Peter Mansfield, Octavia Hill and David Morris.
